Honourable George Abbott  
Minister of Health Services  
PO Box 9050  
STN PROV GOVT  
Victoria, BC V8W 9E2

Dear Minister Abbott,

At the 2008 AGM of the BC Confederation of Parent Advisory Councils, parents of children in public education came together from across the province to discuss issues vital to their children's success. One resolution was specifically destined to your Ministry, and we bring this to your attention.

### **Resolution 2008.29: Anaphylaxis Protocol**

BCCPAC urge the minister of education to change the following points in the new anaphylaxis protocol in order to be in line with the ministerial order and the framework of recommendations from the Provincial Anaphylaxis Advisory Committee (PAAC) Framework which parents were a part of.

The changes we are requesting are:

- a) A picture of the student to be placed on the anaphylaxis emergency plan form.
- b) That asthma be included on the emergency plan as a secondary diagnosis. We also wish to see the addition of anaphylaxis to medications.
- c) Full disclosure of resources available to school boards and parents.
- d) Training for both auto-injectors: EpiPen and Twinject (first dose)
- e) Specific risk reduction directives to include education on incident avoidance. Directives specifically at a classroom/cafeteria/food lab level regarding allergens, cleaning directives etc.
- f) A specific directive for proper tracking of incidents for future review and assessment on the effectiveness of management strategies.
- g) Specific plans to help school boards implement change (i.e., documentation, risk reduction education and staff training) within schools.

We kindly ask that you review this resolution and welcome an opportunity to discuss it with you at your earliest convenience.

For the future, for all of our children,

A handwritten signature in black ink, appearing to read "R. Broda".

Ron Broda  
BCCPAC President & CEO
